

We had our annual Spring BOD meeting, May 2017 in San Diego, site of our 28Oct/02Nov 2017 Joint Convention (see our website [www.TWAreiredPilotsAssociation.com](http://www.TWAreiredPilotsAssociation.com) for registration & details of events in San Diego) — There we agreed with our joint “legacy”

Airline AA Grey Eagles Pilot partners, to have a Caribbean Cruise for our 2018 convention! We hope ALL of our Legacy Airline ( TWA ,AA, USAir, Piedmont, Allegheny, America West,PSA, Ozark, Mohawk, etc.) Pilot’s & families will join us for a great time in San Diego, & also in 2018 for our Caribbean Cruise!

OF special interest to ALL of us as we are all getting “Up there in years”, PLEASE make sure all your records, Addresses, e-mail ,Ph #’s, etc. are “up to date” with your: American Benefits, Banks, Insurance companies, publications, & especially your Social Security, and ANY retirement - pension plan payments — make sure they are all “Direct Deposited” to your Banks, NOT thru the US Mail Service — I have had quite a few Widows, some who have moved to “Assisted Living Facilities” & did NOT notify any of these - - one lady says she is not now getting anymore payments from her husbands “Pension”, I’m helping to get to the bottom of this—& the survivors & children of our Deceased Pilots — many of whom, do NOT know of who or where their retirement funds were coming from — or even about who to notify in case of the parents death, ( Go to our website — & on the Home page top left side see “Flown West Checklist” - (Most of the Information your survivors will need is listed there.) @ your passing -many survivors know nothing about our Pilots \$20,000 Term life policy with METLIFE -

(all TWA Pilots who Retired “BEFORE American purchased TWA” - will have this)

We hope ALL our TWA family are having a good healthy & enjoyable 2017 .

Respectfully

S. R. “Dusty” West

President

TWA Retired Pilots Association
